*Yes, we know you can. Now then, if you can, you will buy all the trees you can from us, and if you can grow more fruit than you can eat, you can can it.*

**THE GOLD NURSERY CO.**

MASON CITY, WEST VIRGINIA

LONGFELLOW could take a worthless sheet of paper, write a poem on it and make it worth \$65,000. THAT'S GENIUS.

ROCKEFELLER can write a few words on a piece of paper and make it worth \$5,000,000. THAT'S CAPITAL.

"UNCLE SAM" can take an ounce and a quarter of gold and stamp upon it an "Eagle Bird" and make it worth \$20. THATS MONEY.

A MECHANIC can take material worth \$4 and make it into watch springs worth \$1000. THAT'S SKILL.

A MERCHANT takes an article worth 75 cents and sells it for \$1. THAT'S BUSINESS.

A WOMAN can purchase a hat for 98 cents, but prefers one that costs about \$27. THAT'S FOOLISHNESS.

A DITCH DIGGER works ten hours a day and handles several tons of earth for \$2.00. THAT'S LABOR.

THE WRITER can write a check for \$90,000, but it wouldn't be worth a cent. THAT'S ROUGH.

THERE MIGHT be some who will claim they can grow better trees than any one else and sell cheaper. THAT'S GALL.

EVERYBODY wanting the best trees they can get, and are willing to pay the price, should order from THE GOLD NURSERY CO. THAT'S COMMON SENSE.

## ROSES

We wish to state to our patrons that we do not grow Roses, but send out strong, two-year plants and they are in every way much better than the ones so freely advertised and sent out by mail, which are small, tender shoots, started in a greenhouse and sent out before they have established growth and constitution to stand the shock of transplanting.
